Introduction

Mesabi Range College (MRC) is situated in Northern Minnesota on the Historic Mesabi Iron Range. One college with two campuses located in Virginia and Eveleth, Minnesota. Our Eveleth campus houses most of our technical programs while the Virginia campus has our liberal arts courses.

In 1990, Congress enacted the *Crime Awareness and Campus Security Act of 1990* (Title II of Public Law 101-542), which amended the *Higher Education Act of 1965 (HEA)*. This act required all postsecondary institutions participating in HEA's Title IV student financial assistance programs to disclose campus crime statistics and security information. The act was amended in 1992, 1998, 2000 and 2008. The 1998 amendments renamed the law the *Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act* in memory of a student who was slain in her dorm room in 1986. It is generally referred to as the *Clery Act* and is in section 485(f) of the *HEA*.

On March 7, 2013, the *Violence Against Women Reauthorization Act of 2013 (VAWA)* (Public Law 113-14) was signed into law. *VAWA* includes amendments to the *Clery Act*. These changes require institutions to disclose statistics, policies and programs related to dating violence, domestic violence, sexual assault and stalking, among other changes.

Mesabi Range College recognizes Jodi Pontinen as the primary Clery Compliance Officer for compiling this report and annual crime statistics. Statistics are collected using incident reports and

from other reporting authorities including, but not limited to, local law enforcement agencies and officials of Mesabi Range College who have significant responsibility for student and campus activities. These college officials, known as Campus Security Authorities (CSAs), are above.

Mesabi Range College publishes the Annual Security Report each year by October 1. The report is distributed to all potential students on the college application form and prospective employees on the job announcement via direct link to the report. All current students, faculty and staff are sent an email that briefly describes the report also contains the exact Internet address where it can be found. <https://www.mesabirange.edu/about/campus-safety/>. Printed copies of the report are available, at no cost, upon request from Title IV Officer, Jodi Pontinen.

Pursuant to the Act, the Department of Public Safety Clery Compliance Officer, Jodi Pontinen monitors criminal activity and publishes this report containing a three-year statistical history of select crimes or incidents that occur. The following definitions are taken from the Higher Education Act of 1965, 485(f) (20 U.S.C. 1092(f)), the “Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act” and are used to classify the locations listed in the Mesabi Range College Crime Statistics.

Campus property includes Virginia Campus and Alpine Village

Emergency Response and Timely Warning

Mesabi Range College is required by policy and fire code to have evacuation and emergency operations plans in place. Evacuation plans and emergency procedures can be found on the Mesabi Range College website, Provost office, maintenance office, and members of the Emergency Response Team. Housing students are given an emergency procedures orientation, and a hard copy of the emergency procedures PowerPoint presentation is available in each housing unit in Alpine Village resident building. Mesabi Range College also has a current Emergency Operations Plan based on the all-hazards concept, incorporating the National Incident Management System and coordinated with the system office and local emergency response agencies. This plan is used to respond to any level of emergency impacting Mesabi Range College and outlines the responsibilities and actions necessary to protect life, property and the environment. Some of the processes and procedures are included in this report.

Emergency Response: Mesabi Range College will immediately notify the campus community upon the confirmation of a significant emergency or dangerous situation involving an immediate threat to the health and safety of students, faculty or staff occurring on campus. (Minnesota State) has numerous systems in place for communicating information quickly. Some or all of these methods of communication may be activated in the event of an immediate threat. These methods of communication include but are not limited to:

Active messaging: Each campus of Mesabi Range College can address the campus community through a public address system that covers all interior campus offices, classrooms and public spaces.

Passive messaging: Mesabi Range College will provide emergency information via the main web page. The administration will use campus wide mass email and any other available media such as signs, reader boards and internal closed-circuit televisions to disseminate emergency notifications to students, faculty and staff. Twitter and Facebook social media will also be used to disseminate emergency notification either individually or through the Star Alert system.

Individual messaging: Mesabi Range College utilizes an emergency notification system branded Star Alert, provided by Blackboard Connect, which disseminates emergency notification through SMS text, direct phone calls and email, at the selection of the recipient. This is an opt out system.

Upon enrollment or hiring students/faculty/staff are automatically enrolled in the system using the Star ID to associate them with Mesabi Range College Students, faculty and staff are sent an automatic email, activating their account and encouraging them to enter additional phone and/or cell numbers, email addresses and selecting other deliver options for receiving emergency notifications. The emergency notification system is updated as needed, at least once per year.

Students, faculty and staff have the option of permanently opting out of Star Alert should they choose. For additional information on access, issues concerning individual accounts or other questions contact: **Tom Pratt, 218-780-4829**

Mesabi Range College, upon confirmation of a significant emergency or dangerous situation involving an immediate threat to the health and safety of students or employees occurring on campus:

1. A Mesabi Range College official will verify that a legitimate emergency or dangerous situation exists, even if all the pertinent details are not known or are available at the time.
2. Mesabi Range College officials, in coordination with and at the advice of local first responders, will determine the appropriate segment(s) of the campus community to receive notification.
3. Mesabi Range College will, without delay and considering the safety of the community, determine the content of the notification. If issuing a notification, in the professional judgement of responsible authorities, compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency, notification will be delayed, sent via other means, or not sent at all.

The following persons or organization(s) are responsible for emergency notification dissemination: The Provost, the Interim Dean of Student Success, Director of Public Safety or full-time designees.

Mesabi Range College, after ensuring that local first responders are notified, will activate the active messaging system to provide emergency notification to the campus community. An immediate Star Alert containing pertinent emergency notification and information will be disseminated. Other passive and individual messaging will provide redundant and detailed emergency information as soon as reasonably possible. Mesabi Range College will provide follow-up information to the community as needed.

Mesabi Range College will test the emergency response and evacuation procedures annually in accordance with this policy and applicable state and federal regulations. Tests may be announced or unannounced, and emergency response and evacuation procedures will be publicized in conjunction with at least one test per calendar year. Fire drills are conducted twice a year for housing. Results of each test will be documented and include a description of the exercise, the date, time, and whether it was announced or unannounced. This information will be maintained by the Director of Residential Life. All records are filed in the Director of Residential Life's office. Records for all Clery related requirements are maintained for seven years and available upon request.

Timely Warning: Mesabi Range College will issue a timely warning for all Clery Act crimes reported to Campus Security Authorities or local police agencies and considered by Mesabi Range College officials to represent a serious or continuing threat to students, faculty and staff. Timely warning will not be limited to violent crimes or crimes against persons and may include crimes against property or other types of serious or continuing threats. Timely Warning Notices will withhold the name of victims as confidential.

Issuance of a Timely Warning is determined on a case-by-case basis. Factors included are the nature of the crime or threat, the continuing danger to the campus community and the possible risk of compromising law enforcement efforts. Mesabi Range College will consult with local law enforcement and other officials when determining the need and content of any Timely Warning.

The intent of a Timely Warning is to enable the campus community to protect themselves and will include all information that would promote safety and aid in the prevention of similar crimes or protection from specific threats. Timely Warnings will be disseminated using the Star Alert text and

email features, campus email system, or any other passive or individual method of notification to students, faculty and staff.

Sexual Assault and Related Offenses

Mesabi Range College does not discriminate on the basis of sex in its educational programs and sexual harassment and sexual violence are types of sex discrimination. Sexual violence includes a continuum of conduct that includes sexual assault, non-forcible sex acts, dating and relations violence, stalking, as well as aiding acts of sexual violence. Sexual assault and related offenses are governed and adjudicated under Minnesota State Board Policy 1B.3 Sexual Violence Policy, the Violence Against Women Act as amended and the Clery Act as amended. As a result, Mesabi Range College issues this statement of policy to inform the community of our comprehensive plan addressing sexual misconduct, educational programs, and procedures that address sexual assault, domestic violence, dating violence, and stalking, whether the incident occurs on or off campus and when it is reported to a Mesabi Range College official. In this context, Mesabi Range College prohibits the offenses of domestic violence, dating violence, sexual assault and stalking and reaffirms its commitment to maintain a campus environment emphasizing the dignity and worth of all members of the university community.

Definitions: The following definitions apply:

Affirmative Consent: Consent is informed, freely given, and mutually understood willingness to participate in sexual activity that is expressed by clear, unambiguous, and affirmative words or actions. It is the responsibility of the person who wants to engage in sexual activity to ensure that the other person has consented to engage in the sexual activity. Consent must be present throughout the entire sexual activity and can be revoked at any time. If coercion, intimidation, threats, and/or physical force are used, there is no consent. If the complainant is mentally or physically incapacitated or impaired so that the complainant cannot understand the fact, nature, or extent of the sexual situation, there is no consent; this includes conditions due to alcohol or drug consumption, or being asleep or unconscious. A lack of protest, absence of resistance, or silence alone does not constitute consent, and past consent to sexual activities does not imply ongoing future consent. The existence of a dating relationship between the people involved or the existence of a past sexual relationship does not prove the presence of, or otherwise provide the basis for, an assumption of consent. Whether the respondent has taken advantage of a position of influence over the complainant may be a factor in determining consent.

Sexual Assault: an offense that meets the definition of rape, fondling, incest, or statutory rape as used in the FBI's Uniform Crime Reporting system. A sex offense is any act directed against another person, without the consent of the victim, including instances where the victim is incapable of giving consent. An actual, attempted, or threatened sexual act with another person without that a person's consent. Sexual assault is often a criminal act that can be prosecuted under Minnesota law, as well as form the basis for discipline under Minnesota State student conduct codes and employee disciplinary standards. Sexual assault includes but is not limited to:

1. Involvement without consent in any sexual act in which there is force, expressed or implied, or use of duress or deception upon the victim. Forced sexual intercourse is included in this definition, as are the acts commonly referred to as "date rape" or "acquaintance rape." This definition also includes the coercing, forcing, or attempting to coerce or force sexual intercourse or a sexual act on another.
2. Involvement in any sexual act when the victim is unable to give consent.
3. Intentional and unwelcome touching, or coercing, forcing, or attempting to coerce or force another to touch a person's intimate parts (defined as primary genital area, groin, inner thigh, buttocks, or breast).
4. Offensive sexual behavior that is directed at another such as indecent exposure or voyeurism.

Rape: is defined as the penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim.

Fondling: is defined as the touching of the private parts of another person for the purposes of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental incapacity.

Incest: is defined as non-forcible sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.

Statutory Rape: is defined a non-forcible sexual intercourse with a person who is under the statutory age of consent.

Domestic Violence: The term “domestic violence” means felony or misdemeanor crimes of violence committed—

1. By a current or former spouse or intimate partner of the victim;
2. By a person with whom the victim shares a child in common;
3. By a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner;
4. By a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred; or
5. By any other person against an adult or youth victim who is protected from that person’s acts under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred.

Dating Violence: The term “dating violence” means violence committed by a person – who is or has been in a social relationship of a romantic or intimate nature with the victim. The existence of such a relationship shall be based on the reporting party’s statement and with consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship. For the purposes of this definition, Dating Violence includes, but is not limited to, sexual or physical abuse or the threat of such abuse. Dating violence does not include acts covered under the definition of domestic violence. Any incident meeting this definition is considered a crime for the purposes of Clery Act reporting.

Stalking: The term “stalking” means engaging in a course of conduct directed at a specific person that is unwanted, unwelcome, or unreciprocated; and that would cause a reasonable person to fear for the person’s safety or the safety of others; or suffer substantial emotional distress.

1. Course of conduct means two or more acts, including, but not limited to, acts which the stalker directly, indirectly, or through third parties, by any action, method, device, or means follows, monitors, observes, surveils, threatens, or communicates to or about, a person, or interferes with a person’s property.
2. Substantial emotional distress means significant mental suffering or anguish that may, but does not necessarily, require medical or other professional treatment or counseling.
3. Reasonable persons means a reasonable person under similar circumstances and with similar identities to the victim.

Any incident meeting this definition is considered a crime for the purposes of Clery Act reporting.

Mesabi Range College engages in comprehensive, intentional, and integrated programming, initiatives, strategies, and campaigns intended to end dating violence, domestic violence, sexual assault and stalking. Mesabi Range College has developed an annual educational campaign consisting of presentations that include distribution of educational materials to new students and participating in and presenting information and materials during new employee orientation. Primary prevention and

awareness programs are culturally relevant, inclusive of diverse communities and identities, sustainable, responsive to community needs, and informed by research, or assessed for value, effectiveness, or outcome. Environmental risk and protective factors are considered as they occur on the individual, relationship, institutional, community and societal levels.

Procedures for Reporting a Complaint: Mesabi Range College has procedures in place that serve to be sensitive to those who report sexual assault, domestic violence, dating violence, and stalking, including informing individuals about their right to file criminal charges as well as the availability of counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance and other services on and/or off campus as well as additional remedies to prevent contact between a complainant and an accused party, such as housing, academic, transportation and working accommodations, if reasonably available. Mesabi Range College will make such accommodations, if the complainant requests them and if they are reasonably available, regardless of whether the complainant chooses to report the crime to the Mesabi Range Conduct Officer or local law enforcement. Students and employees should contact Kelly Bakk, College Counselor 218-749-7765 (students), Carmen Bradach, Human Resources 218-749-7743 (Employees).

After an incident of sexual assault or domestic violence, the victim should consider seeking medical attention as soon as possible at Essentia Health, 901 9th Street N, Virginia, MN 55792, 218-741-3340.

In Minnesota, evidence may be collected even if you chose not to make a report to law enforcement. Evidence collected during a medical forensic exam will only be tested if a report is made to law enforcement.

Under Minnesota law, the county in which the sexual assault or rape occurred is responsible for the cost of collecting evidence during your medical forensic examination. The county must pay regardless of whether or not you report to law enforcement. After your medical forensic examination has been performed, the county may be reimbursed from your insurance with your permission. Counties must

obtain your approval prior to billing your insurance. Whether or not the county uses your insurance is your choice. It is important that a victim of sexual assault not bathe, douche, smoke, change clothing or clean the bed/linen/area where they were assaulted if the offense occurred within the past 96 hours so that evidence may be preserved that may assist in proving that the alleged criminal offense occurred/or is occurring or may be helpful in obtaining a protection order. In circumstances of sexual assault, if victims do not opt for forensic evidence collection, health care providers can still treat injuries and take steps to address concerns of pregnancy and/or sexually transmitted disease.

Victims of sexual assault, domestic violence, stalking, and dating violence are encouraged to also preserve evidence by saving text messages, instant messages, social networking pages, other communications, and keeping pictures, logs or other copies of documents, if they have any, that would be useful to Mesabi Range College investigators or police. Although Mesabi Range College strongly encourages all members of its community to report violations of this policy to law enforcement, it is the victim's choice whether or not to make such a report and victims have the right to decline involvement with the police. Mesabi Range College will assist any victim with notifying local police if they so desire. The Virginia Police Department may also be reached directly by calling 911 in person at 327 1st St S, Virginia, MN 55792. Eveleth Police Department may also be reached directly by calling 911 or in person at 415 Pierce St, Eveleth, MN 55734.

Additional information about the **Virginia Police Department** may be found online at: http://www.virginiamn.us/departement/police_department/ and the Eveleth Police Department may be found online at: <https://www.evelethmn.com>

If you have been the victim of domestic violence, dating violence, sexual assault, or stalking, you should report the incident promptly to the Title IX Coordinator, **Jodi Pontinen** by calling 218-749-7753, writing to 1001 W Chestnut St, Virginia, MN 55792, going online <https://www.evelethmn.com> or coming into the office to report in if the victim so desires. Mesabi Range College will provide resources, on campus, off campus or both, to include medical, health, to persons who have been victims of sexual assault, domestic violence, dating violence, or stalking, and will apply appropriate disciplinary procedures to those who violate this policy. The procedures set forth below are intended to afford a prompt response to charges of sexual assault, domestic or dating violence, and stalking, to maintain confidentiality and fairness consistent with applicable legal requirements, and to impose appropriate sanctions on violators of this policy.

As time passes, evidence may dissipate or become lost or unavailable, thereby making investigation, possible prosecution, disciplinary proceedings, or obtaining protection from abuse orders related to the incident more difficult. If a victim chooses not to make a complaint regarding an incident, he or she nevertheless should consider speaking with MRC College Counselor, Kelly Bakk or other law enforcement to preserve evidence in the event that the victim changes her/his mind at a later date.

If a report of domestic violence, dating violence, sexual assault or stalking is reported to the institution, below are the procedures that the institution will follow as well as a statement of the standard of evidence that will be used during any judicial hearing on campus arising from such a report:

Mesabi Range College **Provost Shelly McCauley-Jugovich, Title IX Coordinator Jodi Pontinen, and all CSA's listed above**, when informed of an alleged incident of sexual violence, shall promptly assist the complainant, as requested. Mesabi Range College may:

1. Provide complainant with written information to access medical care, depending on when reported (immediate vs. delayed report).
2. Assess immediate safety needs of complainant.
3. Assist complainant with contacting local police if complainant requests and provide contact information for local police department.
4. Provide complainant with referrals to on and off campus mental health providers.
5. Assess need to implement interim or long-term protective measures, such as housing changes, change in class schedule, "No Contact" directive between both parties
6. Provide a "No Trespass" directive to accused party if deemed appropriate
7. Provide written instructions on how to apply for an Order of Protection
8. Provide a copy of the Sexual Violence Policy to complainant and inform the complainant regarding timeframes for inquiry, investigation and resolution
9. Inform the complainant of the outcome of the investigation, whether or not the accused will be administratively charged and what the outcome of the hearing is
10. Enforce the anti-retaliation policy and take immediate and separate action against parties that retaliate against a person for complaining of sex-based discrimination or for assisting in the investigation.

When appropriate, Mesabi Range College may pursue legal action against a respondent, including, but not limited to, trespass or restraining orders, in addition to disciplinary action under the applicable student or employee conduct standard.

Assistance for Victims - Rights and Options: Regardless of whether a victim elects to pursue a criminal complaint or whether the offense is alleged to have occurred on or off campus, Mesabi Range College will assist victims of sexual assault, domestic violence, dating violence, and stalking and will provide each victim with a written explanation of their rights and options. In Minnesota, a victim of domestic violence, dating violence, sexual assault or stalking has the following rights:

1. Be informed of prosecutor's decision to decline prosecution or dismiss the case along with information about seeking a protective or harassment order at no fee
2. Protection against employer retaliation for victims to take reasonable time off to attend order for protection or harassment restraining order proceedings
3. Domestic abuse victims have the ability to terminate a lease without penalty
4. Sexual assault victims can make a confidential request for HIV testing of a convicted offender
5. Sexual assault victims do not have to pay the cost of a sexual assault examination
6. Sexual assault victims may not be required to undergo a polygraph examination in order for an investigation or prosecution to proceed.

Further, Mesabi Range College complies with Minnesota law in recognizing Orders of Protection and Harassment Restraining Orders. Any person who obtains an order of protection from Minnesota or any reciprocal state (Under VAWA's full faith and credit provision, every state must recognize and enforce protection orders issued in other states, as if issued in the enforcing state) should provide a copy to Mesabi Range College Office of the Title IX Coordinator. A complainant may then meet with Mesabi Range College Conduct Officer to develop a plan, which is a plan for campus officials and the victim to reduce risk of harm while on campus or coming and going from campus. This plan may include, but is not limited to: escorts, special parking arrangements, changing classroom location or allowing a student to complete assignments from home, etc.) Mesabi Range College cannot apply for a legal order of

protection, no contact order or restraining order for a victim from the applicable jurisdiction(s). The victim is required to apply directly for these services. Protection from abuse orders may be available through the local county court at no cost. Mesabi Range College may issue an institutional no contact order if deemed appropriate or at the request of the victim or accused. To the extent of the victim's cooperation and consent, Mesabi Range College offices will work cooperatively to ensure that the complainant's health, physical safety, work and academic status are protected, pending the outcome of a formal investigation of the complaint. The victim **will** be provided written notification about options for or available assistance in, and how to request changes to changes to academic, living, or working situations in addition to counseling, health services, visa and immigration assistance and assistance in notifying appropriate local law enforcement. Additionally, personal identifiable information about the victim will be treated as confidential and only shared with persons with a specific need to know who are investigating/ adjudicating the complaint or delivering resources or support services to the complainant (for example, publicly available record-keeping for purposes of Clery Act reporting and disclosures will be made without inclusion of identifying information about the victim, as defined in 42 USC 1395 (a) (20).) Further, Mesabi Range College will maintain as confidential, any accommodations or protective measures provided to the victim to the extent that maintaining such confidentiality would not impair the ability of the institution to provide the accommodations or protective measures.

Bystanders: Bystanders play a critical role in the prevention of sexual and relationship violence. They are individuals who observe violence or witness the conditions that perpetuate violence. They are not directly involved but have the choice to intervene, speak up, or do something about it. We want to promote a culture of community accountability where bystanders are actively engaged in the prevention of violence without causing further harm. We may not always know what to do even if we want to help. Below is a list of some of the ways to be an active bystander. If you or someone else is in immediate danger, call 911. This could be when a person is yelling at or being physically abusive towards another and it is not safe for you to interrupt.

1. Watch out for your friends and fellow students/employees. If you see someone who looks like they could be in trouble or need help, ask if they are OK.
2. Confront people who seclude, hit on, and/or try to make out with, or have sex with people who are incapacitated.
3. Speak up when someone discusses plans to take sexual advantage of another person
4. Believe someone who discloses sexual assault, abusive behavior, or experience with stalking.
5. Refer people to on or off campus resources listed in the Annual Security Report or other resources for support in health, counseling, or with legal assistance.

Reducing the Risk of Sexual Assault: You can reduce the chances of sexual assault by doing the following:

1. Be aware of your surroundings. Knowing where you are and who is around you may help you to find a way to get out of a bad situation.
2. Try to avoid isolated areas, it is more difficult to get help if no one is around.
3. Walk with purpose. Even if you don't know where you are going, act like you do.
4. Trust your instincts. If a situation or location feels unsafe or uncomfortable, it probably isn't the best place to be.
5. Try not to load yourself down with packages or bags as this can appear more vulnerable.
6. Make sure your cell phone is with you and charged and that you have cash money.
7. Don't allow yourself to be isolated with someone you don't trust or someone you don't know.
8. Avoid putting music headphones in both ears so that you can be more aware of your surroundings, especially if you are walking alone.
9. When you go to a social gathering, go with a group of friends. Arrive together, check in with each other throughout the evening, and leave together. Knowing where you are and who is around you may help you find a way out of a bad situation.
10. Trust your instincts. If you feel unsafe in any situation, go with your gut. If you see something suspicious, contact law enforcement immediately (call 911)
11. Don't leave your drink unattended while talking, dancing, using the restroom, or making a phone call. If you've left your drink unattended, just get a new one.
12. Don't accept drinks from people you don't know or trust. If you choose to accept a drink, go with the person to the bar to order it, watch it being poured, and carry it yourself. At parties, don't drink from the punch bowls or other large, common open containers.
13. Watch out for your friends, and vice versa. If a friend seems out of it, is way too intoxicated for the amount of alcohol they have had, or is acting out of character, get him or her to a safe place immediately.

14. If you suspect you or a friend has been drugged, contact law enforcement immediately. Be explicit with doctors so they can give you the correct tests (you will need a urine test and possibly others).
15. If you need to get out of an uncomfortable or scary situation here are some things that you can try:
 - a. Remember that being in this situation is not your fault. You did not do anything wrong; it is the person who is making you uncomfortable that is to blame.
 - b. Be true to yourself. Don't feel obligated to do anything you don't want to do. "I don't want to" is always a good enough reason. Do what feels right to you and what you are comfortable with.
 - c. Have a code word with your friends or family so that if you don't feel comfortable you can call them and communicate your discomfort without the person you are with knowing. Your friends or family can then come and get you or make up an excuse for you to leave.
 - d. Lie. If you don't want to hurt the person's feelings it is better to lie and make up a reason to leave that to stay and be uncomfortable, scared, or worse. Some excuses you could use are needing to take care of a friend or family member, not feeling well, having somewhere else that you need to be, etc.
16. Try to think of an escape route. How would you try to get out of the room? Where are the doors? Windows? Are there people around who might be able to help you? Is there an emergency phone nearby?
17. If you and/or the other person have been drinking, you can say that you would rather wait until you both have your full judgement before doing anything you may regret later.

Complainants' rights: are as follows:

1. Complainants have the right to file criminal charges with local law enforcement officials in any sexual assault case
2. They have all of the rights under the crime victims bill of rights, Minn. Stat. §§ 611A.01 – 611A.06, including the right to assistance from the Crime Victims Reparations Board and the commissioner of public safety
3. Complainants are afforded the availability of prompt assistance from campus officials, upon request, in notifying the appropriate campus investigating authorities and law enforcement officials, and, at the direction of law enforcement authorities, assistance in obtaining, securing, and maintaining evidence in connection with a sexual violence incident
4. Campus Security Authorities will assist in preserving for a sexual violence complainant material relating to a campus disciplinary proceeding
5. Complaints of incidents of sexual violence made to campus security authorities must be promptly and appropriately investigated and resolved
6. Upon a sexual assault complainant's request, Mesabi Range College will take action to prevent unwanted contact with the alleged assailant, including, but not limited to, transfer of the complainant and/or the respondent to alternative classes, or to a work site or to alternative college-owned housing, if such alternatives are available and feasible. Any accommodations or protective measures provided to the victim will be maintained in confidence, to the extent that maintaining such confidentiality would not impair the ability of the institution to provide the accommodations or protective measures.
7. Upon the request of the complainant, students who report sexual assaults to (Minnesota

State) and subsequently chose to transfer to another college or university will be provided with information about resources for victims of sexual assault at the college or university to which the complainant is transferring

Investigation and Disciplinary Procedures: Investigations and disciplinary procedures will be conducted by Mesabi Range College officials or designee who, at a minimum, receive annual training on the issues related to dating violence, domestic violence, sexual assault, and stalking and on how to conduct an investigation and hearing process that protects the safety of victims and promotes accountability. Mesabi Range College officials and designee who conduct investigations and disciplinary procedures will not have any bias or conflict of interest toward either the accuser or the accused.

Procedures used in response to a complaint of sexual violence complainants should avoid requiring complainants to follow any plan of action, to prevent the possibility of re-victimization. The process will be respectful of the needs and rights of individuals involved and they will be treated with dignity. It is never assumed or suggested that the complainant or victim was at fault for the sexual assault or should have behaved differently to prevent the assault. All proceedings will be acted on promptly and conducted within reasonable timeframes. The process will allow for extensions of those timeframes for good cause with written notice to the complainant and the respondent of the delay and the reason for the delay. The process will be consistent with these policies and transparent to the complainant and the respondent. Student complainants and respondents will have the same opportunity to have an appropriate support person or advisor present at any interview or hearing, in a manner consistent with the governing procedures and applicable data practices law. Employees have the right to representation consistent with the appropriate collective bargaining agreement or personnel plan. All procedures will be conducted in accordance with applicable due process standards and privacy laws. The complainant and respondent will simultaneously be informed, in writing, of the outcome in a timely manner, as permitted by applicable privacy law. Outcomes will be based on a preponderance of evidence standard, meaning that it is more likely than not that the policy, procedure, or code has been violated. The past sexual history of the complainant and respondent are deemed irrelevant except as that history may directly relate to the incident being considered. A respondent's use of any drug, including alcohol, judged to be related to an offense may be considered to be an exacerbating rather than mitigating circumstance.

Mesabi Range College takes allegations of sexual violence very seriously and recognizes the consequences such allegations may have on a respondent as well as the complainant. Any individual who knowingly provides false information regarding the filing of a complaint or report of sexual violence, or who provides false information during the investigation of such a complaint or report, may be subject to discipline or, under certain circumstances, legal action. Complaints of conduct that are found not to violate policy are not assumed to be false.

If a complainant no longer desires to pursue a complaint through Mesabi Range College proceeding, Mesabi Range College reserves the right to investigate and resolve the complaint as it deems appropriate. Mesabi Range College reserves discretion whether to pursue alleged violations of policy under appropriate circumstances, including, but not limited to, a determination that an effective investigation is not feasible because of the passage of time, or because the respondent is no longer a student or employee of Mesabi Range College.

- 1. All complaints are filed with the Conduct Officer who has been trained per MinnState**
- 2. Conduct officer investigates**

3. Conduct officer implements decision of investigation – respondent and complainant are notified

The institution will, upon written request, disclose to the alleged victim of a crime of violence or a non-forcible sex offense, the report on the results of any disciplinary proceeding conducted by the institution against a student who is the alleged perpetrator of such crime or offense. If the alleged victim is deceased as a result of such crime or offense, the next of kin of such victim shall be treated as the alleged victim for the purposes of this paragraph.

Annual Fire Safety Report

The Higher Education Opportunity Act (HEOA) was signed into law in August 2008 and contains several crucial campus safety components. One of the main provisions of the HEOA is the Campus Fire Safety Right-to-Know Act. This provision calls for all Title IV eligible institutions that participate in Title IV programs and maintain on-campus student housing facilities to publish an annual fire safety report that outlines fires safety systems, policies, practices, and statistics. The following report discloses all information required by HEOA as it relates to Mesabi Range College.

Description of On-campus Student Housing Fire Safety Systems

Mesabi Range College has three apartment-style residential buildings (Alpine Village) on campus. Each room in every apartment has a fire sprinkler system and smoke alarm. CO2 detectors are located in the hallways on either end of the apartment. These are inspected and tested monthly by the Director of Residential Life.

The inspection report is kept on file with the City of Virginia Housing and Redevelopment Authority, who owns Alpine Village. Those reports are available upon request.

All housing fire extinguishers are certified annually by a contractor, Baker Fire of Buhl, Minnesota. The location and condition of fire extinguishers is checked weekly at a mandatory room check conducted by the Director of Residential Life.

Each apartment also contains 2 heat detectors/fire suppression units in each kitchen and one fire extinguisher. Fire drills are conducted twice a year.

Residents are instructed on safety procedures at a mandatory housing orientation at the beginning of each semester. Included in that orientation is information about the seriousness of tampering with fire detection and suppression equipment. That information is also included in the Housing Handbook. A hard copy of the Emergency Procedures presentation is also available in each unit.

Fire Safety Policies: For the safety of all residents, individuals are expected to maintain their rooms in an orderly manner at all times in compliance with the following fire regulations:

1. Use of open flame cooking devices or hot plates is prohibited.
2. Light bulbs should be used in approved lamps or holders and be of proper wattage for the device; excess wattage may result in a fire.
3. Light fixtures must not be tampered with in any way, and items which might serve as conductors of electricity should not be hung from them.
4. Room doors must be able to be fully open and be self-closing. Room doors must be closed when the room is left unattended or the residents of the room are sleeping. Closet doors may not be removed.

5. An emergency aisle of at least 22 inches must be maintained within the room.
6. When arranging furniture, consideration must be taken so that if tipped over items do not block the door.
7. Use power strips/surge protectors with breakers instead of octopus plugs or extension cords, which are not allowed.
8. Power strips/surge protectors must be unplugged after use and should not be placed under carpet or attached to, woven through, or touching metal in any manner.
9. Students are responsible for notifying the Director of Residential Life immediately after identifying problems with smoke detectors.
10. Anyone caught tampering with smoke/CO2 detectors or fire extinguishers may face criminal charges.
11. Portable heaters are prohibited.
12. Motorbikes or other motorized vehicles may not be stored in students' rooms or in any common area.
13. Candles may not be burned in any residential areas, including student rooms, due to the potential fire hazard.
14. Highly combustible materials such as gas, lighter fluid, helium, charcoal, and firewood are prohibited.

Burning of incense, sage, sweet grass, or cedar: The burning of incense, sage, sweet grass, cedar, hookahs, and similar items is prohibited in residential units, including bedrooms and bathrooms. An exception, for the sole purpose of religious ceremony, may be granted with prior approval from the Director of Residential Life, within three working days of the event. All requests must be in writing. The Director of Residential Life shall respond, in writing, within one business of the request.

Weekly Room Inspections, required by the City of Virginia Housing and Redevelopment Authority and conducted by MRC's Director of Residential Life, ensure the presence of working smoke/CO2 detectors and fire extinguishers and the availability of safe egress in the event of a fire emergency.

Fire Safety Education: The following are required fire safety education activities:

Fire Drills: As required by state law, a fire drill is conducted scheduled each semester. Failure to evacuate during a fire drill (or even false alarm) will subject a student to disciplinary procedures and possible sanction, including prosecution.

Fire Safety Equipment:

Fire Extinguishers: 1 per apartment

Heat Detector/Suppression Units: 2 per kitchen/apartment

Smoke/CO2 Detectors: 7 per apartment

Sprinkler System: Each room of each apartment

Exits: 1 apartment door and 1 window per bedroom

The Director of Residential Life verifies the location and working condition of this safety equipment during weekly room inspections, and again during a monthly inspection. Fire extinguishers are certified annually by a private contractor.

Evacuation Procedures: Residents receive fire emergency procedures through the mandatory housing orientation at the beginning of each semester. The City of Virginia Fire Chief presents at this orientation and students are encouraged to ask questions for clarification. The Emergency Procedures presentation is also available online on the Housing webpage and in hard copy form in each apartment.

Reporting: All fires that occur on Mesabi Range College campus property are reported to MRC Maintenance, who keeps a fire log that reflects the nature of the fire, date, time, and general location, including on-campus housing. MRC posts specific incidents in the Fire Log within two business days of receiving a report of an incident and reserves the right to exclude reports from a log in certain circumstances, as permitted by law.

Evacuation Procedures: Emergency evacuation routes and severe weather locations are posted in all buildings on each floor throughout campus (*if applicable*). Residential Life staff provides fire emergency procedures in The Housing Handbook (*if applicable*).

If you hear an alarm:

1. Close windows, open curtains, and turn on lights.
2. Check for heat on door and then open slowly and check for smoke.
3. If smoke is thick and/or fire is present, remain in your room with the door closed. Block air vents and door crack with towel or clothing. Call 911 and identify yourself and your location.
4. If smoke is absent, exit the building using the nearest exit. Close and lock your door when you leave.
5. Stand away from the building and do not re-enter until the all-clear is given by the Fire Department, and/or Director of Residential Life.

If you see a fire:

1. Pull fire alarm.
2. Call 911.
3. Exit the building and move to designated safe area.

Regardless of 911 reports, all fires that occur on Mesabi Range College campus property should be reported to the Mesabi Range College Maintenance.

Institutions must maintain a fire log that reflects the nature of the fire, date, time and general location of each fire in on-campus student housing facilities. Mesabi Range College complies with this rule by including all fire related incidents in the Fire Log. Mesabi Range College Maintenance office maintains a Fire Log of all incidents reported.

This log includes the incident type, date incident is reported, date and time of occurrence, general location of each reported incident type and the disposition of the incident if that information is known. Mesabi Range College posts specific incidents in the Fire Log within two (2) business days of receiving a report of an incident and reserves the right to exclude reports from a log in certain circumstances as permitted by law. The most current (up to 60 days) of information is available in the Maintenance Department office.

(Plans for future improvements in fire safety, if determined necessary by the institution)

Working on the updating the public address system on both campuses.
Better labeling our fire extinguisher placement on both campuses.
Better labeling of exit doors for in emergencies.
