Select any courses numbered 1000 or above to total 60 credits for the Associate of Arts Degree.

**Graduation Requirements**

- Complete all required content area courses.
- Complete all ten Goals of the MnTC (40 credits).
- Complete Additional AA Requirements.
- 2.0 minimum GPA required for both the MnTC and AA degree.
- Transfer courses with grades of A-D will be included in the GPA calculation for MnTC.

## Program Description

The Mathematics Transfer Pathway AA offers students a powerful option: the opportunity to complete an Associate of Arts degree with course credits that directly transfer to designated Mathematics bachelor's degree programs at Minnesota State universities. The curriculum has been specifically designed so that students completing this pathway degree and transferring to one of the seven Minnesota State universities enter the university with junior-year status. All courses in the Transfer Pathway associate degree will directly transfer and apply to the designated bachelor's degree programs in a related field.

Universities within the Minnesota State system include Bemidji State University; Metropolitan State University; Minnesota State University, Mankato; Minnesota State University Moorhead; Southwest Minnesota State University; St. Cloud State University; and Winona State University.
