

Dear Minnesota North College Student,

Welcome to Minnesota North College! We are delighted you chose us as the next step on your journey, and we look forward to helping you achieve your educational goals. Excitingly, you are part of the inaugural group of students to enroll in a new entity, Minnesota North College. While the name is new, the six campuses that make up the college are steeped in over 100 years of educational excellence. Hibbing, Itasca, Mesabi Range-Virginia, Mesabi Range-Eveleth, Rainy River, and Vermilion remain conveniently located across Northeastern Minnesota ready to serve the people of this vast region. Now that our campuses are working together as one college, we are better positioned to serve you with a more robust selection of courses, academic programs, and support services. We still offer housing and athletics across the entire region, and on-campus student life activities will keep our campuses vibrant.

Historically, the most successful students in higher education are those that connect with others, so I strongly encourage you to actively engage with your faculty, our student support staff, and other students throughout your time at Minnesota North College. Thank you for choosing to *Head North* to Minnesota North College, and best wishes on a successful spring semester!

Sincerely,

Dr. Michael Raich
