

Dear Minnesota North College Student,

Welcome to Minnesota North College! We are delighted you chose us as the next step on your journey, and we look forward to helping you achieve your educational goals. Excitingly, you are becoming part of a very unique organization - Minnesota North College. Made up of six campuses steeped in over century of educational excellence, the college covers a geographic region similar in size to the state of Maryland! Hibbing, Itasca, Mesabi Range-Virginia and Eveleth, Rainy River, and Vermilion are conveniently located across Northeastern Minnesota ready to serve the people of this vast region with over 100 academic program offerings.

In addition to your academic pursuits, I hope you take advantage of the student life activities and/or athletic programs that Minnesota North College offers across its campuses. Historically, the most successful college students are those that connect with others, so I also strongly encourage you to actively engage with our faculty, our student support staff, and other students while enrolled at Minnesota North College. Thank you for choosing to *Head North*, and I wish you a successful fall semester!

Sincerely,

Dr. Michael Raich, President
