<sup>^</sup> Students must meet with instructor for approval prior to registering for internship courses.

### **PROGRAM DESCRIPTION**

The Construction Trades Program teaches students modern construction methods, as well as the art of craftsmanship. We prepare our students to become highly skilled professionals. The program focuses on safety, problem-solving, work attitude, technical, and occupation-specific skills, along with gaining experience in construction materials, methods, and trade standards. Providing real-world experience with a full-year internship in the field.

### **PROGRAM OUTCOMES**

Upon completion of the Construction Trades Diploma program, graduates will be able to:

- 1. demonstrate concepts of the building trades,
- 2. apply team building and leaderships skills,
- 3. apply safety practices in all aspects of the program,
- 4. explain the responsibilities and characteristics of a successful tradesperson,
- 5. identify building materials and their uses,
- 6. interpret specifications and construction drawings,
- 7. calculate materials, labor, and cost of construction projects,
- 8. state and demonstrate the safe operation and use of construction equipment, and
- 9. identify problems and be able to create solutions.

#### **EMPLOYMENT OPPORTUNITIES**

Graduates find work with small and large contractors doing new construction and remodeling, sash and window companies, lumber companies, and many become self-employed. Remodeling and energy conservation work are projected to become major areas of growth. Carpenters may advance to positions such as job supervisor, superintendent, or a self-employed contractor. Other related employment possibilities include sales, lumberyard management, building inspection, cabinet making, roofing, drywall installation, maintenance carpentry or factory rep positions.

### **PROGRAM FACULTY**

Lukas, Leo J leo.lukas@minnesotanorth.edu

### MISSION

Minnesota North College prepares lifelong learners and engaged citizens through inclusive, transformative experiences reflecting the character and natural environment of the region.

home campus Accessibility Services coordinator.
