PROGRAM DESCRIPTION

The Practical Nursing Program provides carefully selected course instruction (lectures, demonstrations, discussions, computers, etc.) in a face-to-face or web-enhanced delivery and clinical practice (at community health care facilities) which enables the student to meet the basic needs of patients and function as a practical nurse.

PROGRAM OUTCOMES

- **Teamwork and Collaboration.** The practical nursing graduate will participate as a member of the inter-professional team collaborating and communicating with other health care providers (SOP) to promote safe, quality, patient-centered care.
- **Safety.** The practical nursing graduate will recognize and report changes and responses to interventions to a RN or the appropriate licensed health care provider while providing a safe environment for patients, self, and others (SOP).
- **Quality Improvement.** The practical nursing graduate will participate in quality improvement by providing input into the development of policies and procedures (SOP) and effectively using resources to achieve patient outcomes (NAPNES).
- **Professional Identity/Behavior.** The practical nursing graduate will demonstrate professional behaviors and accountability to legal and ethical nursing practice standards for a competent PN (NAPNES).
- **Patient Relationship Centered Care.** The practical nursing graduate demonstrates effective communication skills (NAPNES) while providing patient care founded on basic physical, developmental, spiritual, cultural, functional, and psychosocial needs (NAPNES) of individual (SOP) patients across the lifespan.
- **Nursing Judgement/Evidence Based Care.** The practical nursing graduate will utilize evidence-based nursing judgment when prioritizing care, implementing interventions, reporting changes, (SOP); and promoting the health (NLN) of individual patients across the lifespan.
- **Managing Care.** The practical nursing graduate will work within an established plan of care for an individual patient to organize or assign aspects of care under the direction of a RN or other licensed Health Care Provider (HCP) (SOP).
- **Informatics/Technology.** The practical nursing graduate will utilize information technology in the health care setting (NAPNES).
