

# 10<sup>TH</sup> GRADE PSEO ELIGIBLE COURSES 2024-25

Legislation allows eligible 10th-grade students to enroll initially in one Career and Technical Education (CTE) course through PSEO. If the student earns a “C” or higher grade in this first course, she/he is eligible to take additional CTE courses while in 10th grade. In order to be eligible, a 10th-grade student must have met the proficiency level of “meets or exceeds” on the 8th-grade MCA reading test. If the student did not take the MCA, another reading assessment accepted by the enrolling postsecondary institution can be substituted.

High school students enrolled under the Postsecondary Enrollment Options program at another Minnesota State College or University must complete the application and admissions process for PSEO students at Minnesota North College. Failure to complete the PSEO application process prior to registering for classes will obligate you for all unpaid balances relating to the courses for which you register. Contact the Admissions Office for more information.

<b>Allied Health</b>			
ALHE	1100	Heartsaver First Aid with CPR and AED	1 credit
ALHE	1200	Responding to Emergencies	2 credits
ALHE	1400	Basic Life Support/CPR	1 credit
