What is a StarID versus a Tech ID?

A StarID is a username that replaces many login IDs with one ID and one password. Your Star ID will be used to login to your email, D2L, E-Services, Microsoft Office 365, and campus wi-fi. The StarID is two letters, four numbers, and two letters (i.e. ab1234cd). Your StarID can be used accross all Minnesota State Colleges. A Tech ID is another 8-digit ID that is known as your Unique System ID. It is specific to Minnesota North College only. The Tech ID is a behind-the-scenes number used to order books and the business office.
