Technical Elective(s) *		2	

\* Work with your advisor to select appropriate technical electives from the following disciplines:

- Carpentry (CARP)
- Construction Management (CMSV)
- Electrical Maintenance/Construction (ELM)
- Heating and Cooling Tech (HCT)

**PROGRAM DESCRIPTION**

The Construction Management and Supervision Degree program is designed to prepare the students for entry-level supervisory and management positions in the construction industry. The coursework combines basic fundamentals with key courses in the behavior and physical sciences, construction technology, and management and business that are required to manage complex construction projects.

Construction Management courses for this degree are offered on-line through our program partner, Dakota County Technical College. All general education courses are offered online, on-campus or hybrid through Minnesota North College.

**PROGRAM LEARNING OUTCOMES**

After completion of this program, the student will:

1. demonstrate effective critical reasoning and analytic skills in addressing technical and managerial issues.
2. demonstrate professional oral and written communication strategies.
3. apply construction management concepts to analysis of problems/issues.
4. practice the skills learned to be career and citizen ready.
